**Diane Adams George**

1323 Avondale Avenue, Richmond, VA 23227

Spouse: Peter Joseph George, Jr.

Phone: H-(804) 264-9293

Family: 2 sons

Career: Former Dance Instructor – Heritage School of Dance (2001)  
Teach pre-school at Hatcher Christian Center

Decided too old to teach ballet and dance so began a new career as a preschool teacher at Hatcher Christian Center. I love it! Where else could I get paid for singing songs and playing games with children? We love to travel, collect "old things", and study family history. Look forward to the reunion to be with people our age!

Family: 2 children and 3 grandchildren

Career: Vice President of Human Resources

Been blessed with a wonderful career in human resources in the computer and biotechnology industries, serving in a senior executive role in a \$2 billion dollar company. Also a corporate officer in a small start-up operation that went public. Have worked with several mid-size firms who were bought out or merged with larger firms. Have managed teams internationally traveling to Europe, Asia, Australia and Canada, working extensively with international expatriate programs. Fortunate to work with Chief Executive Officers from America's most prominent Fortune 500 biotechnology companies; Abbot Laboratories, Genetech, just to name a few. Thank God every day for these experiences.

Recently wrote a book, "The Heart of the Matter" which can be purchased on Amazon.com. It chronicles a lifetime search for hope.

Ellen and I lead Christian mission teams to Central and South America each summer. We recently returned from Ecuador where we helped lay a foundation for a church cafeteria. The village, Oyacachi, rests at 11,000 feet above sea level in a valley only 30 kilometers from the Amazon jungle. It was a trip of a lifetime ... at least until next year. God is so merciful and His love endures forever.

Career: Retired from Lockheed Martin in 2002 after 23 years

Still have my long hair, but it changed color. Enjoy my hobby of electric remote flying "toys"; most unique models are the flying bird and the flying boat. During my years with Lockheed Martin, I helped build the F22 fighter jets and the C130 cargo planes plus working in engineering. Stayed single –never married. Good memories in high school – vice president of the Knights my senior year and my picture was in the yearbook sitting on my motorcycle. We are still young and my best to all. Hard to believe it has been 40 years; still a loner, a rebel and very crazy after all these years!

Still working! Love to travel, play golf and belong to an old dance club called the Bachelor's Club that has formal quarterly dances at Salisbury Country Club. Added an in-law suite to our home and my mother 83 year old mother moved in 2 years ago. Also added 2 new members of our family – a black cockapoo named Jacque and a black Doberman named Sheba for Rufus. Just like having children --- I must be nuts. Still young at heart and looking forward to the reunion.

Career: School Psychologist for 3 years

Educational Missionary in Japan – Presbyterian Church – 13 yrs.

Left Japan in 1989 and now enjoy living in Southern Pines. One son works in a restaurant here and our daughter is in her senior year of high school at the NC School of the Arts furthering her viola studies. Husband, John, is on the board of the League of Women Voters and helping with a poverty study now. As a retired minister, he also teaches Sunday school and preaches occasionally. I no longer work at a bookstore but enjoy reading all the books I have bought. Photography is also a hobby and has developed into a small business making cards with photos to sell at local shops. This past year I enjoyed helping a 17-yr. old learn to read at the local high school. I hope to continue with opportunities to use my educational training to help children.

Closed my restaurant Kailua-Kona in 1995 and happily into retirement. Live in Ocean View on the Big Island of Hawaii in near third world conditions. Love every minute of life. I work with the local youth group at our park to help build a little league baseball and soccer fields and volleyball court. This includes many fundraisers and working with the kids after school in our drug abuse prevention programs. I have been sober since Super Bowl Sunday, 1992. I grow and eat my own bananas, papayas, pineapples, lilikoi, lettuce and tomatoes.

I am a part-time bookkeeper at the local health food store for the rest of my food needs. I have basically left the system and happier than ever. Tell classmates to keep in touch via the email address.

Career: Worked with federal government then have a small jewelry business and travel

Retired now, living in New Mexico part of the year. Travel in our RV during the summer throughout the western states doing jewelry, gems & mineral shows. In the winter, go to Quartzsite and Tucson, AZ for the big gem shows. We are tourists, too. Ed loves golf on new courses and he also works with computers when he gets the chance. My new hobby is learning fine see bead jewelry and embellishment of fabric clothing or quilts with beads. Advice: Enjoy your creative years and do everything you want to do. It is so much fun and gives so much joy to others.

Larry and I have had a bountiful 35 years together and gradually toward the final chapters in our "book of life" by retiring to Southwest Florida. We are counting months and not years. Enjoy traveling and collecting antiques. All those grand adventures to the Amish Country and Petticoat Lane in London are causing problems ... we really need to downsize. Enjoy our second home on the Outer Banks of NC. Especially enjoyed trips with my classmates – Nancy Sinclair, Sidna Turnbull and Vickie Arbogast. Talk about miracle glue – they are the epitome of great friends. Life has been very good – nothing magnificent to boast about and very gratified we have been blessed with good health.

Career: Executive Director of Ernst & Young, LLP

Celebrated our 30<sup>th</sup> anniversary in May by taking a trip to Italy. While enjoying some great wine and our favorite cosmos (watched too many episodes of Sex and the City) for a couple of weeks in Northern Italy, we realized that we are as much in love as we were thirty years ago. Due to my heavy travel schedule for the firm, we really treasure our weekends – warm weather weekends at Fishing Bay and the rest of the year at home in R'md. Camilla serves on several civic boards and continually tries to improve her tennis game. Mine was hopeless, so I gave it up years ago. Amazingly though, at 58 (yeah, I know – we don't need to be reminded) my knees are still good and I'm running 3 miles most days. On the career front, I head-up the firm's executive/partnership services in Mid-Atlantic, meaning only 1 day a week in Richmond's James Center and the rest in DC, Philadelphia and New York offices. Far too many hours on planes and too many late night dinners in hotels. Told the firm I will retire at 62, so Camilla and I can have more time to pursue our passion for sunny places and seeing the world.

**William Francis (Billy – “Yogi”) Schlenk**

P.O. Box 2196, Salmon, Idaho 83467

Phone: (208) 756-6916

Career: Retired school teacher after 30 years teaching  
Reading and Language Arts

Still unmarried but came real close one time. In 1980, moved to Salmon, Idaho, located on the continental divide – five air miles from Montana. Taught school one year in Virginia, five years in California and 24 years in Idaho. Coached football, baseball and golf for five years. Was a high school basketball referee and baseball umpire on the high school, American Legion and college levels for ten years. Avid outdoorsman, backpacked for years in the California High Sierra Mountains. Was a white water rafting guide on Idaho’s famous Salmon River. Enjoy 6-day trips into Idaho’s River of No Return Wilderness – logged in excess of 2,000 river miles! Have been snowed on in all 12 months of the year hiking, fishing and hunting trips.

Share a story – Late winter 1990 a number of cats and dogs were missing in the neighborhood. Idaho Dept. of Fish and Game placed bait traps and one in my backyard near the creek. Mountain lion was caught, taken to the higher mountains and released to enjoy the wilderness. Same thing happened in 2000, this time the trap caught a black bear. Like the lion, released into the wilderness.

Had my 3<sup>rd</sup> open-heart surgery in 2001 and on my 3<sup>rd</sup> artificial heart valve-aortic. Sumner’s son is a coach in the National Basketball Association with the Golden State Warriors. (Sumner is Yogi’s brother). A fellow panther and friend, Syd Chapman, can attest to the rugged terrain of the Northern Rockies – he has visited me several times.

So disappointed to have missed the 35<sup>th</sup> reunion due to my brother's bout with cancer which resulted in his death in the spring of 2002. Now we will miss the 40<sup>th</sup> by just a few days. I have been in Richmond since October 4, 2005, getting my mother settled into Manor Care on Hilliard Road. It has been very difficult to clean out the family home and sell it. I landed in the hospital for a week with low blood and double pneumonia. I am taking home to Hawaii 3 pints of Virginia given to me in blood transfusions when we fly home on September 12. We send you all much love. Please keep in touch. Would love to receive emails. Aloha!

Career: Recently retired and closed my own engineering firm

Beginning in 1990, served as a trustee for the IPENZ Foundation which promotes the engineering profession in New Zealand. New Zealand changed its requirements for engineers to Chartered Professional Engineer which has to demonstrate current competency every five years. After qualifying as one of the first Chartered Professional Engineers, spent 3 years assessing other engineers' competency.

We live on a 500-acre farm which grows mainly pine trees for timber. The top of the block is 300 meters above sea level and has a 2 kilometer gravel road to get there. The river paddock is devoted to raising 100 sheep. In 2004, the farm suffered damage from an earthquake and torrential rains, then more rain in 2005 that caused a 100-year flood in the Akatarawa River. When the water receded, we lost over 2 acres of river paddock. This river forms the entire boundary on one side of our farm. We had moved the sheep to higher ground, so all were safe.

If you have seen the *Lord of the Rings* movies, you have seen part of the area where we live. Rivendaool is in the Vally of Kaitoke Regional Park and Isengard in in Harcourt Park, less than one mile from our farm.

(Hey Carolyn -- The HHS class reunion committee voted to have a 3-week reunion next time -- 1 week in Hawaii with Linda Smith Shinsato and one week in New Zealand with you!)

Career: Retired Schoolteacher after 32 years in Henrico County Public Schools teaching 3<sup>rd</sup> & 5<sup>th</sup> grades- Dumbarton Elementary School

At one time, hobby was beekeeping with 14 beehives located in several areas of Hanover County. We had 25 students, my supervisor, parent chaperones and Jim Duncan (Channel 12 news crew) came to my house to see the entire process of Gene removing the combs, taken into the kitchen, uncapped and placed in an extractor to spin the honey out of the cells. This honeybee lesson was on television and published in the Virginia Journal of Education and the National Education Association Journal. Mail came pouring in as a result.

Current hobby is collecting glassware by attending auctions, seeking special treasure. We work part-time for Reid & Reverley Estate Sales and Kelley Auctions. Dee Kelly, the auctioneer, graduated from HHS in '60 and his wife, Judy Hunter was in the class of 1965. "Pudding" Raymond Newton also help Kelley Auctions. Watch for our sales on [auctionzip.com](http://auctionzip.com). I sometimes see Pat Glenn at auction sales, and we enjoy reminiscing down "memory lane".

Active in Kenwood United Methodist Church where I began a travel group called the Kenwood Cruisers. We have traveled to Vermont, Pigeon Forge, Myrtle Beach, Lancaster, PA – just to name a few popular trip. I enjoy coordinating trips, looking for new travelers and groups who need a leader.

Still working, plan to retire in 2 years and move to Cape Coral, FL. Oldest son and wife live there, have 1 daughter and expecting a second child early next year. That's our incentive to move! My son is an agronomist, works in golf course management and has his own business. Youngest son lives in Baltimore and enjoys the music business. Both sons made mom proud by graduating from college. Been in the banking business for 25 years, enjoyed the experience, but ready to retire. Work is in the way of my social life. Ya'll know how social I am Still see Suzanne Long and Janet Magee several times a year and have such fun. Life is really good.

Married for 18 years and divorced 20. My greatest accomplishment in life is my 3 sons and middle son has given me a beautiful granddaughter who is now 10. I work at the Virginia IVF & Andrology Center, an in vitro lab that is on the cutting-edge of fertility science in Richmond.

I am a newly published author, The **Wondrous Wisdom of Oz: A Spiritual Odyssey**, which can be found on [www.amazon.com](http://www.amazon.com), and am currently working on a second publication: **Wizdom from the Heart: A Book of Timely Parables**. Here is my website: [www.wisdomofoz.com](http://www.wisdomofoz.com). The psychic world is my playground fueling my desire to understand more about the universe and myself. I have studied and taught meditation, tarot, astrology and medical intuiting for 20 years.

On the serious side, I do private consults as a life coach as well as teach and lecture at local colleges, medical facilities and private businesses. On a lighter side, I do private parties, reading the tarot as entertainment. Life has had its joys and challenges. It has been a great ride, thus far!
